

Providing local quality training in counselling skills for over 30 years

Conflict Management Course

For people who want to refine skills to manage conflict effectively

Conflict is an opportunity for change!

This course provides an opportunity to learn some of the exciting theory and practice around using conflict to bring resolution.

It includes:

- the knowledge and skills needed to manage conflict effectively
- background knowledge on the causes of conflict

The learning in this course complements the requirements of the counselling unit about specialist interviewing skills in the Counselling Diploma course
