

## TESTIMONIALS

*'training to become a counsellor through the College of Counselling Studies has helped me to grow as a person and paved the way to a worthwhile and fulfilling career'*

Fran – former student

*'My journey started about 10 years ago when I underwent counselling through Anglicare. The experience led me to thinking what a wonderful healing process counselling was, and perhaps it was something I could do.'*

*Undertaking this course of study has been an enriching experience for me, and while it is always satisfying to complete what you have set out to do, it is sad too when it is all over. Except, in a way it isn't over— because this is a course whose teachings are forever with us.'*

Graduate, 2016

*'The counselling course was originally conceived as a way that ordinary people could learn how to give support and help in their communities.'*

Jenny – College Principal
